Foot and Ankle Surgery Selene G Parekh

This is the 1st edition of the book Foot and Ankle Surgery. The text is comprehensive, updated as per the present day requirements in the subject of orthopaedics. This book contains current surgical and non-surgical options for foot and ankle pathologies. Preferred surgical techniques are described in detail with suitable illustrations. The book has 25 chapters. The first three chapters deal with general considerations, anatomy, examination and surgical options in foot and ankle pathologies. Next ten chapters are dedicated to different conditions, e.g. arthritis, deformities, nerve disorders, tumors, etc. of foot and ankle. Tendon disorders, diabetic foot, neuropathic foot and prosthesis for foot and ankle are described in detail with the help of well-illustrated diagrams in a user friendly language in next four chapters. A sound foundation of understanding of amputation, arthroscopy and infections of foot and ankle is provided in the next three chapters in simple text and easy to understand illustrations along with recent advances. Last chapter deals with trauma of foot and ankle. A comprehensive index is given at last.

From reader reviews:

Rose Cordeiro:

Book is usually written, printed, or highlighted for everything. You can recognize everything you want by a publication. Book has a different type. As it is known to us that book is important point to bring us around the world. Close to that you can your reading ability was fluently. A e-book Foot and Ankle Surgery will make you to become smarter. You can feel far more confidence if you can know about almost everything. But some of you think that will open or reading the book make you bored. It isn't make you fun. Why they could be thought like that? Have you looking for best book or appropriate book with you?

George Clark:

Book is to be different for each and every grade. Book for children till adult are different content. As it is known to us that book is very important usually. The book Foot and Ankle Surgery had been making you to know about other information and of course you can take more information. It is quite advantages for you. The guide Foot and Ankle Surgery is not only giving you considerably more new information but also being your friend when you feel bored. You can spend your current spend time to read your e-book. Try to make relationship together with the book Foot and Ankle Surgery. You never truly feel lose out for everything if you read some books.

Ryan Moore:

Here thing why this particular Foot and Ankle Surgery are different and reputable to be yours. First of all reading a book is good however it depends in the content of the usb ports which is the content is as scrumptious as food or not. Foot and Ankle Surgery giving you information deeper since different ways, you can find any guide out there but there is no publication that similar with Foot and Ankle Surgery. It gives you thrill reading journey, its open up your personal eyes about the thing in which happened in the world which is possibly can be happened around you. You can actually bring everywhere like in recreation area, café, or even in your technique home by train. If you are having difficulties in bringing the printed book maybe the form of Foot and Ankle Surgery in e-book can be your alternate.

Bonnie Camacho:

Information is provisions for folks to get better life, information currently can get by anyone with everywhere. The information can be a know-how or any news even restricted. What people must be consider while those information which is within the former life are challenging be find than now's taking seriously which one is suitable to believe or which one the resource are convinced. If you receive the unstable resource then you understand it as your main information it will have huge disadvantage for you. All those possibilities will not happen inside you if you take Foot and Ankle Surgery as your daily resource information.
