After seven long years in the Delta Quadrant, the crew of the *Starship Voyager*TM now confront the strangest world of all: home. For Admiral Kathryn Janeway and her stalwart officers, *Voyager*'s miraculous return brings new honors and responsibilities, reunions with long-lost loved ones, and for some, such as the Doctor and Seven of Nine, the challenge of forging new lives in a Federation that seems to hold little place for them.

But even as Janeway and the others go their separate ways, pursuing new adventures and opportunities, a mysterious cybernetic plague strikes Earth, transforming innocent men, women, and children into an entirely new generation of Borg. Now the entire planet faces assimilation, and *Voyager* may be to blame!
