Stephen Harper and the Future of Canada

William Johnson

Stephen Harper and the Future of Canada William Johnson

There has never been a book about Stephen Harper, yet on June 28 he came close to being our prime minister. If Paul Martin miscalculates, Stephen Harper could be our next prime minister in months, not years.

Who is this man? Everyone knows that he became leader of the Alliance Party and, against all odds, gathered in the old Conservative Party to create a force designed to win power, coming very close in 2004.

Yet what are his core beliefs? To what extent does he agree with his party's social conservatives, who scared away voters in the last election? Where will he take us if he gets power?

William Johnson has researched the Harper family background and the historical context that shaped his political career. He paints a fascinating picture of a man who, like Pierre Trudeau, trained mentally for political power like an athlete training for the Olympics, yet is not a natural politician and never really wanted the political leader's life. By studying Harper's approach to the main issues in Canadian politics, he shows that Harper is a sophisticated political operative, far more complex and intellectual than the right-wing Republican image that has been created for him.

This is a serious, objective political biography, short on gossip but long on clear discussion of Harper's political views – and how he got them. Johnson's message? Don't underestimate this man.

From the Hardcover edition.

This particular book exist new understanding the information that exist in this book represented the condition of the world currently. That is important to yo7u to be aware of how the improvement of the world. This specific book will bring you with new era of the internationalization. You can read the e-book on the smart phone, so you can read the item anywhere you want.

Steve Diaz:

Are you kind of hectic person, only have 10 or even 15 minute in your time to upgrading your mind skill or thinking skill even analytical thinking? Then you are receiving problem with the book when compared with can satisfy your short space of time to read it because all this time you only find guide that need more time to be learn. Stephen Harper and the Future of Canada can be your answer given it can be read by an individual who have those short extra time problems.

Melody Grissom:

As a student exactly feel bored for you to reading. If their teacher expected them to go to the library or even make summary for some reserve, they are complained. Just tiny students that has reading's soul or real their interest. They just do what the instructor want, like asked to the library. They go to at this time there but nothing reading really. Any students feel that studying is not important, boring as well as can't see colorful photos on there. Yeah, it is to get complicated. Book is very important for you personally. As we know that on this age, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore , this Stephen Harper and the Future of Canada can make you experience more interested to read.
