Working with Emotional Intelligence Daniel Goleman

Do you work for an emotionally intelligent organization? In his phenomenal best seller *Emotional Intelligence*, Daniel Goleman, Ph.D. mapped the territory where emotional intelligence meets I.Q. - where we apply what we know to how we live. His benchmark work validated what many successful people already knew: Being smart isn't just a matter of mastering facts; it's a matter of mastering your own emotions and understanding the emotions of the people around you. Now, in *Working with Emotional Intelligence*, Dr. Goleman shows why emotional intelligence has become the new yardstick of success for CEOs and junior hires alike. Drawing on both unparalleled access to business leaders and cutting-edge research, he shows that star performance in every field depends more on emotional intelligence than on I.Q. or technical skills. You'll be surprised to learn how the impact of emotional intelligence is even greater at the top of the leadership pyramid and will benefit from the real-life examples from the business world that Goleman uses to illustrate his theory.
