A Swim Through the Sea Kristin Joy Pratt

Praised by Jacques Cousteau, this book, illustrated and written by a 16 year-old, is a classic introduction to the marine habitat. This 1994 alphabet and alliteration book continues to be a favorite of kids, parents, and teachers everywhere. It is truly an exceptional swim through an alphabet of sea creatures. Each page highlights a selected species with a full-color illustration and a paragraph of fascinating facts, surrounded by a frame full of extra creatures and vocabulary. It reaches a large age range because the large text is for young readers, while smaller text is for you or more advanced children. Kristin Joy Pratt (*A Walk in the Rainforest*) once again successfully inspires a generation of children about one of the most precious and fragile realms on Earth. A 48-page teachers guide (sold separately) is a valuable educator companion.
