Crash Course in Gaming Suellen Adams

Video games aren't just for kids anymore. This book will describe the "why" and "how" to start or expand a video gaming program in the library, including some specific examples of how to target adult and female gamer patrons.

- Includes general information and tips for programs as well as specific examples of programs that have worked
- Discusses both programming and collection development
- Provides a full description of types of games, game play systems, and gamers
- Presents a variety of useful tips to build successful collections and programs that will be helpful even to librarians with no game experience
