**Leading the Parade: Conversations with America's Most Influential Lesbians and Gay Men** Paul D. Cain

Lesbians and gay men undeniably occupy a very different place in American society today than they did in the mid-1940s. Back then, only a few courageous gays and lesbians gathered to organize social and educational groups. Two decades later, a new generation of movers and shakers came forward to build on the firm foundation established by these fledgling groups, taking greater risks and seeking greater visibility. *Leading the Parade* traces the evolution of the gay and lesbian liberation movement through the personal profiles and stories of nearly 40 individuals whose daring efforts changed America's attitude toward homosexuality during the gay rights movement of the 20th century. The personal profiles of the gay activists and political officials within this poignant book illuminate the events that shaped them. Many of their actions forced this nation to confront and change its views and helped this disparaged group gain acceptance.
