Andrés Neuman

Alumbramiento (Voces/ Literatura nº 71) (Spanish Edition) Andrés Neuman

En la habitación de un sanatorio, rodeado por el médico, las enfermeras y su esposa, un hombre intenta dar a luz y concebir a otro hombre. Con este insólito y estremecedor inicio arranca Alumbramiento. Su primera parte se compone de relatos que, a través de diferentes formas y estrategias narrativas, escenifican y cuestionan los roles masculinos tradicionales: el marido, el padre, el justiciero, el héroe, el luchador, el aventurero.

La segunda reúne una serie de microcuentos donde el vértigo, la concentración, la intensidad y la sugerencia adoptan además otro modo de alumbramiento. En la tercera parte, el autor homenajea a algunos de sus narradores predilectos y explora humorística, irónicamente diversos aspectos del mundo literario como la edición, la traducción o las complejas relaciones lector-autor. El volumen se cierra con dos breves dodecálogos acerca del cuento: Neuman prosigue así con la reflexión teórica en torno al género que viene desarrollando en sus libros.

En fin, un libro de cuentos total, rico en propuestas entrelazadas e iluminadas por la calidad de su autor.
