Hope, Human and Wild: True Stories of Living Lightly on the Earth (The World As Home) Bill McKibben

Divided into three sections, *Hope, Human and Wild* profiles the efforts of three caring communities to preserve wilderness and reverse environmental devastation. They include the reforestation of McKibben's home territory, New York's Adirondack Mountains; solving traffic and pollution problems in the densely populated Curitiba, Brazil; and how the citizens of Kerala, India have demonstrated that quality of life doesn't depend on overconsumption of resources. This edition features a new introduction that revisits these places and explores how they've changed over the years.
