Taking a Case to the European Court of Human Rights Philip Leach

Now in its third edition, *Taking a Case to the European Court of Human Rights* provides practical and accessible guidance on taking cases to the European Court of Human Rights. It incorporates a step-by-step approach to the litigation process, covering areas such as lodging the initial application, legal aid, costs, interim measures, friendly settlement, third party intervention, just satisfaction, enforcement of judgments, and Grand Chamber referrals.

An explanation of the key principles underlying the European Convention on Human Rights precedes an expanded and up-to-date article-by-article commentary on the substantive law of the European Convention, including derogation, reservation, and damages. The new edition has been fully revised to take account of the changes introduced by Protocol 14 in 2010.

The book includes key substantive case law developments, commentary and guidance on the amended Court rules and new practice directions, and recent changes in the Court's processing of cases, together with advice and information on drafting pleadings, fact-finding and merits hearings before the Court.

The Court's admissibility criteria, a critical aspect of the Convention system, are dealt with in detail, and a comprehensive set of Court forms and other precedents are included in the appendices.
