ExamWise For CompTIA Network+ N10-002 Certification Helen O¿Boyle, Helen OBoyle
Part of the TotalRecall: The IT Question Book Series, this new book fills the gap existing in the complete study aid material available for candidates preparing to set the CompTIA Network+ Exam. This book covers information associated with each exam topic in detail and includes information found in no other book. This manual is designed to provide information to help readers study for and pass CompTIA's Network+ certification exam. Every effort has been made to make this manual as complete and accurate as possible. Just reviewing the table of contents, you will see that through TotalRecall Press, I was given the freedom to build on what I have learned from running a Voc Tech school. For example, the chapter numbers are written in Base 2. This wasn't done to annoy you. The goal is through reinforcement, learn binary math, since that is how much of computing works. Who should buy this book! If you are looking for solid Questions, Answers and Explanations for training material to pass N10-002 (CompTIA Network+) buy this work now. This title (ExamWise) is a "I just want to make sure I know what I think I know before I spend a couple hundred bucks on N10-002." This book contains over 500 questions directly related to the Network+ N10-002 certification topics.
