**The Memoirs of Sherlock Holmes** Arthur Conan Doyle

**The immortal Sherlock Holmes solves eleven unforgettable mysteries**

These stories, originally published in the *Strand Magazine*, follow Holmes from the astonishing heights of his deductive powers to the bottom of a treacherous gorge in Switzerland. “Silver Blaze,” a case that famously hinges on the “curious incident of the dog in the night-time,” finds the detective employing his singular imagination to locate a missing racehorse. In “The Greek Interpreter,” Holmes and his brilliant older brother, Mycroft, team up to put an end to a diabolical extortion scheme. And, most notoriously, criminal mastermind Professor Moriarty makes his first appearance in “The Final Problem,” a story that begins with the discovery of a secret criminal organization overtaking England, and ends on a cliff overlooking the Reichenbach Falls. With a heavy heart, Dr. Watson tells the world what no one wants to hear: Holmes and his archenemy have plunged to their deaths together, locked in mortal combat.

This legendary collection, which Arthur Conan Doyle intended to bring a fitting end to the Sherlock Holmes saga, also includes “The Musgrave Ritual,” “The Reigate Puzzle,” “The Crooked Man,” and “The Resident Patient.” Each of these eleven stories is now recognized as a masterpiece of crime fiction, and a clear indication that the peerless sleuth was not yet ready to leave the stage for good.

This ebook features a new introduction by Otto Penzler and has been professionally proofread to ensure accuracy and readability on all devices.
