## **Factors Affecting Calf Crop: Biotechnology of Reproduction** Michael J., Fields

In today's world, we are witnessing simultaneous breakthroughs in reproductive technologies, genomics, and molecular biology. Advances in molecular genetic technology and understanding of the bovine genome have led to the development of tools that can be used to enhance profitability on cow-calf enterprises. Factors Affecting Calf Crop: Biotechnology of Reproduction provides a detailed compilation of current and forthcoming technology for managing reproduction in cattle.

The book discusses topics such as: approved techniques for controlling the estrous cycle in cattle; managing follicular growth with progesterone, estrogens, and prostaglandins; freezing, thawing, and transfer of cattle embryos; application of embryo transfer to the beef cattle industry; embryo transfer in topically adapted cattle; new factors affecting bull fertility; embryo collection and utilization technology, in vitro fertilization, somatic cell cloning, and genetic technologies; uses of real-time ultrasound; and sexed semen.

Over 25 leading animal scientists have combined their expertise to produce the first single-source reference that covers successful reproductive techniques that will, most likely, be the wave of the future. Expansive in scope, the book addresses current biotechnologies as they impact the production of beef cattle. Written at a level to appeal to the researcher, commercial producer, or student, Factors Affecting Calf Crop: Biotechnology of Reproduction presents you with a wealth of technologies applicable to animal agriculture.

### **From reader reviews:**

#### **Diane Dean:**

The book Factors Affecting Calf Crop: Biotechnology of Reproduction can give more knowledge and also the precise product information about everything you want. Why must we leave the good thing like a book Factors Affecting Calf Crop: Biotechnology of Reproduction? Some of you have a different opinion about e-book. But one aim which book can give many info for us. It is absolutely right. Right now, try to closer with the book. Knowledge or info that you take for that, you are able to give for each other; you are able to share all of these. Book Factors Affecting Calf Crop: Biotechnology of Reproduction has simple shape however you know: it has great and big function for you. You can appearance the enormous world by available and read a reserve. So it is very wonderful.

#### **Margaret Bonner:**

Nowadays reading books become more than want or need but also become a life style. This reading addiction give you lot of advantages. The advantages you got of course the knowledge the rest of the information inside the book that will improve your knowledge and information. The knowledge you get based on what kind of reserve you read, if you want attract knowledge just go with education books but if you want feel happy read one together with theme for entertaining like comic or novel. Often the Factors Affecting Calf Crop: Biotechnology of Reproduction is kind of publication which is giving the reader unforeseen experience.

#### **Donna Dalessio:**

Your reading sixth sense will not betray a person, why because this Factors Affecting Calf Crop: Biotechnology of Reproduction book written by well-known writer who knows well how to make book that could be understand by anyone who else read the book. Written within good manner for you, dripping every ideas and producing skill only for eliminate your hunger then you still skepticism Factors Affecting Calf Crop: Biotechnology of Reproduction as good book not only by the cover but also with the content. This is one guide that can break don't assess book by its deal with, so do you still needing a different sixth sense to pick that!? Oh come on your looking at sixth sense already alerted you so why you have to listening to another sixth sense.

#### **Patricia Humes:**

Beside this Factors Affecting Calf Crop: Biotechnology of Reproduction in your phone, it could give you a way to get nearer to the new knowledge or facts. The information and the knowledge you will got here is fresh in the oven so don't always be worry if you feel like an old people live in narrow community. It is good thing to have Factors Affecting Calf Crop: Biotechnology of Reproduction because this book offers for you readable information. Do you sometimes have book but you would not get what it's interesting features of. Oh come on, that would not happen if you have this in your hand. The Enjoyable set up here cannot be

questionable, including treasuring beautiful island. So do you still want to miss this? Find this book and also read it from today!
