Norsk Strikkedesign: A Collection from Norway's Foremost Knitting Designers

Norsk Strikkedesign: A Collection from Norway's Foremost Knitting Designers

A colourful, lively and practical book which showcases the variety represented by some of Norway's best knitwear designers. The designers featured in this book have influenced Norwegian hand and commercial knitting during the last fifteen to twenty years. We are proud to present a design book where the designers have had total freedom to create specially designed and unique garments. Included are twenty-two practical designs which show how fantastic and lovely garments can grow from something as simple as needles and skeins of yarn. Handknitting allows and unbounded freedom to create a completely personal expression through colors, embellishments, structure and styling. You would be surprised at how many objects can give birth to creativity: everything from an elegantly worked bridal gown or a postcard to nature's shifting light, grey stones and even rough logging roads. Norway has always been identified as a knitting nation, and its knitwear is regarded with wonder. Norwegian knitting is associated with traditional patterns and Norwegian motifs, which are readily recognised by the rest of the world. In keeping with tradition, classic Norwegian-spun wool yarns are used in this book. Knitting is the most Norwegian of all crafts, and the skill has been passed from mother to daughter. It is hoped that this book can give inspiration to the subject and that there will be many capable and creative designers in the future

So , do you nevertheless thinking Norsk Strikkedesign: A Collection from Norway's Foremost Knitting Designers is not loveable to be your top record reading book?

Nicol Thomas:

Typically the book Norsk Strikkedesign: A Collection from Norway's Foremost Knitting Designers has a lot details on it. So when you make sure to read this book you can get a lot of gain. The book was written by the very famous author. The author makes some research ahead of write this book. This particular book very easy to read you may get the point easily after scanning this book.

Jessie Adams:

As a scholar exactly feel bored for you to reading. If their teacher requested them to go to the library in order to make summary for some e-book, they are complained. Just small students that has reading's internal or real their interest. They just do what the teacher want, like asked to go to the library. They go to right now there but nothing reading critically. Any students feel that studying is not important, boring and can't see colorful pics on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this era, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. So , this Norsk Strikkedesign: A Collection from Norway's Foremost Knitting Designers can make you experience more interested to read.

Sherry Francis:
