Operational Control of Coagulation and Filtration Processes (M37): AWWA Manual of Practice

American Water Works Association

Coagulation and filtration are the heart of conventional water treatment plants. Employing proper coagulation chemistry is fundamental to successful filtration.

This AWWA Manual of Water Supply Practices is designed to help you keep your treatment plant's coagulation and filtration processes operating at optimum efficiency. The manual has all the information needed to design and operate jar tests, online monitoring and control, flocculation, clarification, filtration, and pilot tests.
