Precision work connects to a person energetically, responds to the needs of each individual and aims to maintain natural balance. It does not rely on physical pressure but, at the same time, it can be powerful and effective. It can be taught in its own right or it can be adapted to enhance other forms of reflexology in post-graduate training. It provides an added dimension to a treatment and reflects an Eastern approach to healthcare. This book offers a step-by-step guide, with illustrations and charts for its application.
