El lector tiene en sus manos un volumen que sostiene que la escritura etnográfica también debe reflejar los sentimientos y reacciones del etnógrafo escritor y de su situación en el campo, siendo el único trabajo realizado actualmente en las islas sobre el rostro más público de las religiones afrocubanas en Tenerife. En el se analizan cinco grandes claves para comprender el fenómeno de las Religiones Afrocubanas en Tenerife: las características de la comercialización del patrimonio religioso en Cuba y su funcionalidad identitaria y económica; las reelaboraciones simbólicas y el papel de las mujeres en la integración sociocultural, la difusión y la mercantilización de las religiones afrocubanas en Tenerife, durante la última década; las relaciones de poder en el tránsito de objetos y símbolos de esas religiones desde Cuba a Canarias; el espacio otorgado a las mujeres en los mitos lucumís del África Ecuatorial y su relación diferencial y de poder con las de Tenerife; y, por último, cómo se producen las conversiones, y sus características, a dichas religiones en el contexto de la emigración cubana a Tenerife.
